CHRISTMAS CELEBRATION (25 DECEMBER 2023)

The RSYC Committee, Management and Staff wish all Members, friends and associates a Merry Christmas and a very Happy New Year 2024!

ACCIDENT AT RSYC PONTOON (12 NOVEMBER 2023)

At about 06:45am on Sunday, 12 November 2023, an Indonesian barter trade boat departed the barter trade dock just upriver from RSYC and it was said that the engine failed just after the boat let go of their lines. A strong current was flowing at this time and this large wooden vessel was swept downriver, passing between two RSYC pontoons where club members' yachts and power boats were berthed.

Some structural damage was caused to a number of these berthed boats and to the floating pontoons, the bridge between the pontoons, and the gangway joining the pontoons to the Clubhouse. The barter trade boat continued to drift with the strong current until stopped by a neighbour's concrete jetty and a ship next to the Club's boat ramp.

Fortunately, there were no injuries to anyone. RSYC staff and Members were on hand to immediately take charge of the situation and an incident management plan was put into action to inform managers and committee members, who attended as quickly as possible to assess the situation and notify boat owners. The yard manager and his team and Members present moved damaged boats immediately to safe mooring locations and temporarily secured the floating pontoons.

A police report was made regarding this incident and the RSYC insurance assessor was on site during the morning to record the details. A detailed assessment of the pontoon damage above and below the water is currently underway and this will enable RSYC to proceed with short term repairs to secure the structures and long-term replacement as necessary. Four Member's boats and a Club's platu suffered damage which are being ascertained by experts. The cost of damages and emergency responses incurred by the Club included those for the gangway, bridge, pontoon moorings, under water surveys, rentals of heavy lift, etc. which could be substantial.
